

## PRT00036 Single-Pole, 347V Test Switch and LED on Wall-Plate

**Model #:** PRT00036

**12NC:** 913702478601

Single-Pole, 347V Test Switch and LED on Wall-Plate

### Specifications:

- Kit includes Canadian high-voltage (347VAC) 1/2" diameter single-pole pushbutton test switch (two-wire) with charging indicator LED on a wall-plate with mounting screws.
- Kit is primarily used with a Canadian (347VAC) fluorescent emergency ballast.
- Refer to product installation instructions for installing the assembly.
