

PRT00137 Two-Wire Indicator Light/Test Switch (2W-ITS) IP67 Rated with Resistor.

Model #: PRT00137

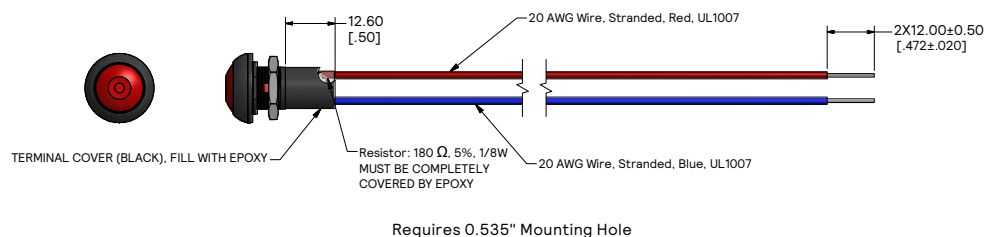

12NC: 913702462801

Two-Wire Indicator Light/Test Switch
(2W-ITS) IP67 Rated with Resistor.

Specifications:

- This item is a two-wire indicator light/test switch rated for IP67 conditions with LED resistor. Fits in a 1/2" diameter hole.
- This item is used in older Bodine Cold-Pak emergency LED driver products and will soon become obsolete. However, it is forward compatible and can be used in current Bodine products where appropriate.
- Two-wire test switch/charging indicator LED lead wires are 6" long. They connect to the appropriate lead wires on the emergency unit as shown in that unit's installation instructions.
- Kit also includes installation hardware and caution labeling.

Dimensions:

The information presented in this document is not intended as any commercial offer and does not form part of any quotation or contract. This product is designed for use with other Bodine branded products.
